**Traffic Advisory: Expect daytime closures on KY 8 near Maysville**  
*For about two weeks*

FLEMINGSBURG, Ky. – Motorists are advised that embankment repairs on KY 8 east of the William Harsha Bridge near Maysville will require daytime roadway closures for about two weeks.

Contractors with Soil Nail Launcher Inc. are installing steel and concrete “soil nails” to stabilize the embankment. Due to equipment in the roadway, it will be necessary to close KY 8 each day from approximately 7 a.m. until 7 p.m.

During construction, traffic should detour using US 62 and KY 3056. At other times, the route will be one lane at the construction site. Motorists should watch for temporary traffic signals, and should expect delays.
